

KickZone's Clean Thread passed the most stringent tests defined by the OECD for biodegradable classification. 60-70% of the material must be broken down within sixty days and **KickZone's Clean Thread** succeeded in less time.

CLEAN THREAD

BIODEGRADABLE PIPELINE THREAD CLEANING SOLVENT

PROOF OF PERFORMANCE

Situation

Customers are cleaning pipe threads with solvents (naphtha) which have odors that can become problematic for personnel.
Customers find themselves paying fines and continued scrutiny from dealing with hydrocarbon (solvents) droppings that are not biodegradable.
Most companies only have access to traditional means of cleaning solvents.

Recommendation

Use **KICKZONE** Biodegradable **CLEAN THREAD** to clean pipe threads.

Impact

- * Ease of use. **CLEAN THREAD** is formatted so that it is ready to spray!
- * No mixing is required .
- * Use for normal cleaning of pipe threads.

Benefit

- * Lowers the carbon footprint of the pipe company.
- * Non-toxic, biodegradable solvent.
- * No removal and disposal cost! This makes the cost of treatment extremely low compared
- * Safe for employees and contractors to use with only minimal Personal Protective Equipment (PPE).
